

Intelligent, well planned, functional space - this was our mandate in designing Villa Ola. Garden doors and large windows let tropical breezes and natural light into the great room. The kitchen, with central island and lots of cabinets, is a pleasurable place to prepare meals and entertain guests. Both bedrooms are large and feature walk-in closets. The master has a private ensuite and garden doors to the back yard.

Optional Features:

- Roof top terrace with sea views - with/without optional outdoor cooking area, jacuzzi, etc.
- Poolside 1/2 bath (included with roof terrace option)
- Outdoor cooking area
- Covered carport with parking for two vehicles
- Outdoor pergola for additional outdoor living space
- We are a custom builder - bring your ideas! We are here to make your tropical dream home a reality.

\$220,580 US

- 2-bedrooms, 142.31 square metres - (1,531 square feet) of roofed construction - 2 full baths + optional pool bath
